CALENDAR of EXPEDITIONS 2027 & 2028

PEARL EXPEDITIONS

Pearl Expeditions offers intimate adventures aboard the purpose-built *Paspaley Pearl*, hosting just 30 guests. Blending comfort with true expedition capability, our boutique vessel together with her advanced technology enables us to access areas rarely visited. Each journey is crafted around discovery, connection, and responsible exploration, showcasing our signature remote destinations in a sustainable, deeply personal way.

DESTINATIONS

THE KIMBERLEY

Formed 1.9 billion years ago, the Kimberley's 425,000 square kilometres are iconic, with 14-metre tides that continue to shape the rugged coastline around marine environments ranking among the most pristine on the planet. The Kimberley is our heartland. Each year, we spend six months immersed in its vast landscapes, during the region's beautiful and temperate dry season in Australia's North West.

Selected voyages also include exclusive Paspaley experiences that cannot be replicated – visit remote Kuri Bay pearl farm; invitation to board a Paspaley working vessel to see first-hand how the oyster shells are seeded and cultivated; to flight-seed opportunity onboard Paspaley's vintage flying boats.

Our Kimberley home ports of Broome and Kununurra provide easy access to the vessel via regular commercial airline services. Kununurra has convenient air connections via Broome or Darwin.

PAPUA NEW GUINEA

We venture deep into the remote corners of this fascinating country, engaging with ancient village communities and learning from the rich, traditional cultures of its people. Charter flights

connect guests from Cairns to Madang (return), turning a remote expedition into an effortless one.

RAJA AMPAT, INDONESIA

Known as the global epicentre of marine biodiversity, this remote paradise is made up of over 1,500 islands and across 70,000 square kilometres of ocean and land. With a small population of just 67,000 people, it is also a sanctuary for rare and exotic bird species. Despite its remoteness, access is effortless, with charter flights connecting guests directly from Darwin to Sorong or vice versa (2028 sailings only).

EASTERN INDONESIA

From Dili to Bali, our journey includes swimming alongside whale sharks in Saleh Bay, witnessing the power of Komodo dragons and deep cultural connections with local communities.

BORNEO

Three extraordinary encounters, one unforgettable expedition. We search for the "faces in the forest": orangutans, with whom we share 97% of our DNA. Along the Sekonyer River, we'll encounter not only orangutans but also proboscis monkeys, macaques, and the incredible biodiversity of this remarkable wilderness. In Saleh Bay, swim alongside endangered whale

sharks that can reach 18 metres in length and live for over a century. In Komodo National Park, walk among as many as 3,500 wild Komodo dragons, the world's largest living lizards.

ARNHEM LAND

Sailing from Darwin to Yirrkala (Gove), this voyage traces waters the Yolngu people have travelled for tens of thousands of years, connecting more than a dozen distinct language and art groups along the Arnhem Land coastline. Guided by partnership with traditional owners, it offers rare access to living cultural traditions found nowhere else on Earth.

TORRES STRAIT & GREAT BARRIER REEF

Stretching between Australia's northern tip and Papua New Guinea, this remote territory of 274 islands forms one of the world's most significant cultural crossroads. Home to distinctive Torres Strait Islander communities for more than 2,500 years, it also marks the gateway to the Great Barrier Reef, the world's most extensive coral reef system.

Experience the Great Barrier Reef in an intimate and unhurried way, snorkelling among vibrant coral gardens and abundant marine life.

PEARL EXPEDITIONS CALENDAR of EXPEDITIONS 2027 / 2028

DAY	DATE	NTS	LOCATION	EXPEDITION	DESTINATIONS
